DENGUE OUTBREAK
MONITORING REPORT 03-2026

September 21, 2026 – 5:00 PM

I. BACKGROUND INFORMATION

Situational Overview:

The Provincial Government of Albay have issued a resolution declaring state of calamity in the province due to the alarming increase in dengue cases and dengue related deaths and authorizing the implementation of appropriate emergency and response measures.

The continuing increase in dengue cases and the reported fatalities constitute a serious public health concern requiring immediate, coordinated, and intensified intervention from the Provincial Government of Albay, component cities and municipalities, barangays, health facilities, national government agencies, and other concerned stakeholders.

PDRRMC - APSEMO ADVISORY- 2026-16

SUSPENSION OF CLASSES DUE TO DENGUE
September 13, 2026
4:00 PM

In view of the rising number of dengue cases in the province, and upon the recommendation of the Incident Management Team (IMT), PDRRMC hereby issues the following for public safety:

1. Pursuant to the DepEd declaration, all elementary and secondary public schools will have no classes from September 14 to September 15, 2026 because of their wellness break. In addition, classes in elementary and secondary in public schools are hereby suspended from September 16 to 18, 2026, while classes in the elementary and secondary for private schools are suspended from September 17 to 18, 2026 to give way to the simultaneous clean up as a precautionary measure to safeguard the health and well-being of our students, faculty and personnel.

   The suspension will provide the school and concerned authorities with an opportunity to implement necessary health and safety measures including sanitation, inspection of potential mosquito-breeding areas and other dengue prevention and control activities.

   Students are advised to remain at home during the suspension and take appropriate precautions against mosquito bites. Parents and guardians are encouraged to monitor their children for any signs or symptoms of dengue and seek immediate medical attention when necessary.

2. All hospitals are advised to be on red alert for possible surge of patients.
3. All city/municipal and barangay DRRMCs are advised to monitor their respective areas and take appropriate actions.
4. All are directed to stay on heightened alert, coordinate closely, remain vigilant and cooperate with health authorities and school officials in preventing the further spread of dengue in our community.

So ordered.

PDRRMC - APSEMO ADVISORY- 2026-17

SUSPENSION OF CLASSES FOR UNIVERSITIES AND COLLEGES DUE TO DENGUE
September 13, 2026
8:00 PM

In view of the rising number of dengue cases in the province, and upon the recommendation of the Incident Management Team (IMT), PDRRMC hereby issues the following for public safety:

1. In consultation with the Commission on Higher Education (CHED), in person classes are suspended and shifted to alternative learning modality for universities and colleges on September 17-18, 2026 to give way to the simultaneous clean up as a precautionary measure to safeguard the health and well-being of our students, faculty and personnel.

   The suspension will provide the universities and colleges and concerned authorities with an opportunity to implement necessary health and safety measures including sanitation, inspection of potential mosquito-breeding areas and other dengue prevention and control activities.

   Students are advised to remain at home during the suspension and take appropriate precautions against mosquito bites. Parents and guardians are encouraged to monitor their children for any signs or symptoms of dengue and seek immediate medical attention when necessary.

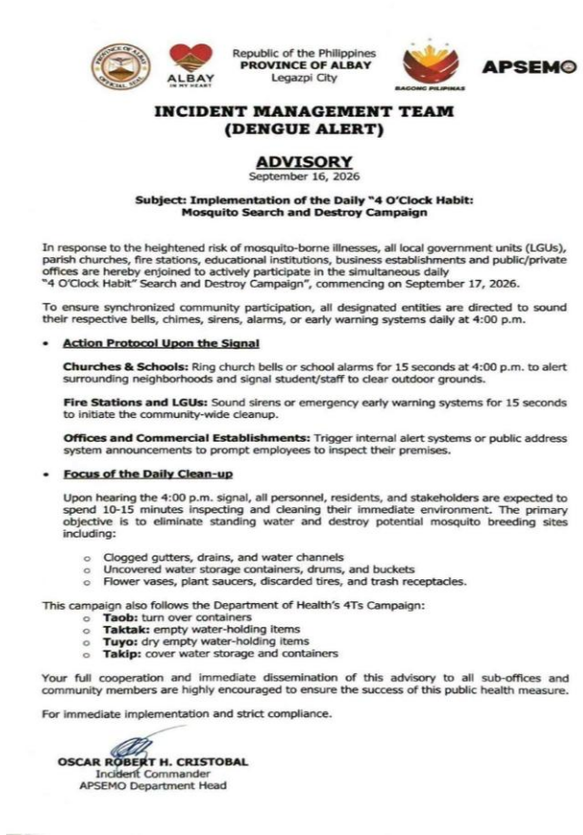

2. All are directed to stay on heightened alert, coordinate closely, remain vigilant and cooperate with health authorities and school officials in preventing the further spread of dengue in our community.

So ordered.

Issued Dengue Alert Advisory through IMT in the Implementation of the Daily "4 O'Clock Habit": Mosquito Search and Destroy Campaign

Republic of the Philippines
PROVINCE OF ALBAY
Legazpi City

APSEMO

INCIDENT MANAGEMENT TEAM
(DENGUE ALERT)

ADVISORY
September 16, 2026

Subject: Implementation of the Daily "4 O'Clock Habit: Mosquito Search and Destroy Campaign

In response to the heightened risk of mosquito-borne illnesses, all local government units (LGUs), parish churches, fire stations, educational institutions, business establishments and public/private offices are hereby enjoined to actively participate in the simultaneous daily "4 O'Clock Habit" Search and Destroy Campaign", commencing on September 17, 2026.

To ensure synchronized community participation, all designated entities are directed to sound their respective bells, chimes, sirens, alarms, or early warning systems daily at 4:00 p.m.

- **Action Protocol Upon the Signal**

  Churches & Schools: Ring church bells or school alarms for 15 seconds at 4:00 p.m. to alert surrounding neighborhoods and signal student/staff to clear outdoor grounds.

  Fire Stations and LGUs: Sound sirens or emergency early warning systems for 15 seconds to initiate the community-wide cleanup.

  Offices and Commercial Establishments: Trigger internal alert systems or public address system announcements to prompt employees to inspect their premises.

- **Focus of the Daily Clean-up**

  Upon hearing the 4:00 p.m. signal, all personnel, residents, and stakeholders are expected to spend 10-15 minutes inspecting and cleaning their immediate environment. The primary objective is to eliminate standing water and destroy potential mosquito breeding sites including:

  - Clogged gutters, drains, and water channels
  - Uncovered water storage containers, drums, and buckets
  - Flower vases, plant saucers, discarded tires, and trash receptacles.

This campaign also follows the Department of Health's 4Ts Campaign:
- **Taob:** turn over containers
- **Taktak:** empty water-holding items
- **Tuyo:** dry empty water-holding items
- **Takip:** cover water storage and containers

Your full cooperation and immediate dissemination of this advisory to all sub-offices and community members are highly encouraged to ensure the success of this public health measure.

For immediate implementation and strict compliance.

OSCAR ROBERT H. CRISTOBAL
Incident Commander
APSEMO Department Head
